Hocking Valley. The officials of both of these roads have been in New York for several days, and it is believed that they will handle these negotiations. W. R. Woodford, of the Cleveland, Lorain & Wheeling, states that a party of Baltimore officials recently made a trip of inspection over the road, with a view to making a closer track arrangement, but this is not the least ground for the report that the Baltimore & Ohio is to absorb the road.

W. R. Morrison has been appointed assistant to the president of the Chicago, Milwaukee & St. Paul, vice B. G. Lennox, deceased. Mr. Morrison has been in the president's office for more than twenty years, and it is said that he has had special charge of the United States mail business and of the insurance department.

NEURALGIA—There is no sense in wasting words about Neuralgia. We know that it causes terrible suffering, and the darting pains are enough to drive you mad. What a sufferer wants is relief. He wants the pain to stop. He wants to be well and happy again. The way to get relief from neuralgia is to rub Omega Oil into the spot where the trouble lies. First bathe the part with hot water to open up the pores. Then give it a good, thorough rubbing with Omega Oil. This liniment will be taken up by the flesh, and penetrate to the aching nerves. It will give gratifying relief. It will soften, soothe and comfort. It will overcome, and banish the pain. Plenty of people will doubt this, but their doubting does not change the facts. Omega Oil is good for everything a liniment ought to be good for.
